**A WELCOME ADDRESS BY PROF. IGNATIUS A. ONIMAWO, PRESIDENT, NUTRITION SOCIETY OF NIGERIA AT THE 2ND FANUS CONGRESS OF NUTRITIONISTS HELD IN NIGERIA FROM 11TH 16TH SEPTEMBER, 2011 AT THE INTERNATIONAL CONFERENCE CENTRE, ABUJA, NIGERIA.**

On behalf of myself and the entire Executive of the Nutrition Society of Nigeria (NSN), I wish to welcome you all to the Second International FANUS Congress holding in Abuja, Nigeria. In a special way, I want to give thanks to Almighty God not only for making this conference a reality but also for journey mercies granted to all the participants to Abuja Nigeria.

Nutrition Society of Nigeria (NSN) is an umbrella Association for all Nutritionists in Nigeria. Membership of this association is well over five hundred (500) drawn from all works of life.

Nutrition as we all know is a very important aspect of human survival. Issues on Nutrition security are of the topmost importance to NSN and we have worked very hard to join the government on this issue so as to achieve part of the Millennium Development Goals (MDGs).

Africa is known to be developing, and the major problem facing developing countries amongst others is malnutrition. The main concern of Nutrition Society of Nigeria, is how to tackle and eradicate malnutrition problems by studies and researches.

The theme of this conference ‘**ACCELERATING NUTRITION ACTION FOR AFRICA'S DEVELOPMENT**’ cannot be more appropriate. My hope and believe is that by the time we come to the end of our discussions, we would have been able to address if not all, but most of these problems.

The commitment of African leaders to the achievement of the MDGs by 2015 and the recognition of the need to invest in nutrition to lift the burden of malnutrition in the continent led to the preparation of a strategic vitamin and mineral deficiency (VMD) framework for Africa in 2008. This document was an adjunct to the broader framework for African food and nutrition security endorsed by African leaders as part of a Ten year strategy to combat VMD.

The Nutrition Society of Nigeria has been in the forefront among other civil society organizations that has been supporting the government of Nigeria in her strategies to combat vitamin and mineral deficiencies through the provision of technical assistance in national programme on vitamin A supplementation for children 6 – 59 months, national mandatory vitamin A fortification project, monitoring of universal salt iodization etc.

The society is proud to be associated with this current initiative on strengthening network of professional groups and expert in food and nutrition across Africa and especially the West African sub region. Food fortification is the single most cost effective strategy for virtual elimination of VMD in Africa which should be supported by African leaders and the international development community.

I want to wish you all a pleasant stay in Abuja Nigeria. This is a land of many opportunities. Be relaxed while you are here, for everything has been put in place to make your stay worthwhile.

Remember, what we eat determines how we live because “we are what we eat”

# WELCOME TO FANUS

**Professor TolaAtinmo**  
FANUS President

It is my pleasure to welcome you to the 2<sup>nd</sup> Congress of the Federation of African Nutrition Societies (FANUS 2011). FANUS is a forum for all National Nutrition Societies in Africa to meet and exchange information on the nutrition situation on the continent and seek for solutions to address the multifarious problems. The first outing was in 2007 in Quarzazate, Morocco, a place famous for the shooting of outstanding films like Ben Hur, The Ten Commandments etc. This second outing will definitely be more exciting in many respects.

First, we expect scholars from at least thirty five (35) African countries and also from Europe, Asia and North America. Among those invited from outside Nigeria are Ann Veneman, former executive Director of Unicef in New York, Urban Jonsson, father of Unicef conceptual framework, H.E NamangaNgongi, President of the Alliance for Green Revolution in Africa (AGRA), the current Honourable Minister of Agriculture, DrAkinwumiAdeshina was his Vice President. We are also expecting our own Professor BabatundeOsotimehin, former Minister of Health and currently Executive Director of United Nation Fund for Population Activities (UNFPA) in New York.

We have lined up many exciting plenary sessions, workshops and symposia that will be of interest to students, teachers and research scholars of nutrition science. There will be lunch hour symposia by Nestle, Unilever, HarvestPlus and also one on Human Rights to Adequate Food and Nutrition. Plenary lectures will be delivered by Heads of Nutrition at WHO, FAO and the World Bank. The second report on the Prevention of Cancer through Food, Nutrition, Diet and Physical Activity will be launched for the first time in Africa. Copies will be distributed to representatives of Nutrition Societies in Africa.

We plan to have a special memorial lecture in honour of late Professor Michael Latham of Cornell University. Professor Latham attended the first outing of FANUS in Morocco with his son Mark and he had planned to be in Abuja for this Congress as a member of the International Advisory Board. The lecture will be delivered by Professor Rebecca Stoltzfus, the Director of the Program on International Nutrition at Cornell University. Tributes will be paid by some of his former students including Professor Allan Johnson, Associate Dean at Howard University in Washington DC, Dr Godwin Ndossi, Managing Director of the Tanzania Food and Nutrition Center and a member of Council of IUNS and DrShekarMeera of the World Bank.

Let me add that there will be opportunities for social interactions and networking. On Sunday September 11, there will be a special FANUS President Welcome Reception at 8.00pm. On Monday September 12 we will have a cocktail for all delegates at 6.00pm. A gala night is being planned by the LOC for Wednesday September 14 and a pre-departure cocktail on Thursday September 15. There will be exhibitions by notable multinationals like Nestle, Unilever, HarvestPlus, GAIN etc.

The second outing of FANUS at Abuja will definitely be exciting. You must be there!!!

# OBITUARY

The nutrition society commiserates with the families of our members:

**Mrs. Hanwa Owo-Audu**, a Jos University Teaching Hospital (JUTH) Dietician and **Prof. Umo** of the University of Calabar Biochemistry Department who joined their ancestors recently. May their humble souls rest peacefully in the bosom of the almighty. We love them but GOD loves them most.

ISSUED ON BEHALF OF THE

**NUTRITION SOCIETY OF NIGERIA (NSN)**
